

1 **A method for redesigning molecular mechanics force field**
2 **parameterization by use of a Bayesian statistical framework**

3 Bryce C. Manubay^{1,*}

4 ¹*University of Colorado - Department of Chemical and Biological Engineering*

5 (Dated: October 5, 2016)

 This document describes a collected set of best practices for computing various physical properties from molecular simulations of liquid mixtures.

Keywords: best practices; molecular dynamics simulation; physical property computation
